

# CaixaResearch Consolidate *Call*

2021

# Full Proposal *Template*

*This form is only for informational purposes.  
Applications will be submitted using the application form on the "la Caixa" Foundation's Grants online system (<https://grants.lacaixafoundation.org/>).  
Applications delivered by paper or any other means will not be accepted.*

## Project type

*Please be advised that you should only indicate the option Consortium if you have Partners in your project. Do NOT select the option Consortium to invite Linked Third Parties. Linked Third parties are included in your proposal by uploading the Engagement Letter.*

Information text

### **Classify your proposal**

- » Individual Proposal
- » Consortium

### **Classify your proposal. Choose one option**

- » Proposal without Co-Owner(s) of Asset.
- » Proposal with Co-Owner(s) of Asset

### **Intellectual property and regulatory issues**

*Describe the IPR strategy, status, and ownership of the Asset(s). If available, explain the regulatory requirements to be fulfilled for the exploitation of the Asset(s) and how they are to be met.*

Textbox, 1500 characters.

## General information about the project

### **Abstract (proposal summary)**

*The abstract should provide a brief description of the Asset(s) and its/their market potential, the objectives of the project, the industrial/economic/social problem to overcome, and the expected outcomes*

Pre-filled text with abstract from Letter of Intent.

### **Unmet need to address**

*Explain the novelty of your innovation and how your solution will solve an unmet need. What is the specific problem you solve? How is our innovation envisaged as a business opportunity?*

Textbox, 1500 characters.

### **Development stage of the innovation**

*Description of the Asset(s) and its/their development history. Mention key milestones and activities in the valorisation process that led to the current stage.*

Textbox, 1500 characters.

## Project leader and team

### Project leader's knowledge and experience in the technology transfer and innovation field

*Describe the project leader's level of knowledge in the fields of business management, technology transfer, and innovation management. Clarify how they will help to address the current needs of the project and the project skills required for future stages.*

Pre-filled text with the information from Letter of Intent.

### Project leader's motivation and commitment

*What is the project leader's motivation for and involvement in the development of this project? What are his/her expectations regarding the programme?*

Textbox, 1000 characters.

### Project team composition

*Scientific, technical and management profiles from the team members involved in the development of project:*

Data table with information of three types of users (7 columns):

- » Team members (up to 10).
- » Partner (no limit).
- » COA (no limit).

Add entries with a "+" button.

Prefix	Name and Surname	Job title centre	Email	Profile, experience	Dedication to the project
5 char.	100 char.	100 char.	100 char.	1000 char.	500 char.

### Relevance and Complementarity of team members

*Provide details of the team members' profile, previous experience, and dedication and commitment to the project. Describe how they are relevant and complementary for its successful execution. If applicable, identify the skills/profiles envisaged to be recruited in order to advance the project.*

Textbox, 1500 characters.

### Consortium description (if applicable)

*Describe the consortium and which contributions the partner entities will make for the project (amounts, concepts, etc.). How will the partner entity match the project's objectives? Specify whether the Asset(s) or its IPR are co-owned by for-profit organisations and provide detailed information about these organisations.*

Textbox, 1500 characters.

### Distribution of the amount requested

*Is the amount requested distributed within the partner members of the Consortium?*

- » Yes
- » No

## Implementation and Transfer Potential

### **Project's objectives**

*Describe the specific objectives to be attained within the grant and how they relate to the complete Roadmap of Asset(s) development until commercialisation. Discuss the specific impact the grant would have in the advancement of the Asset Development Roadmap. Please refer to specific goals (e.g., surpassing a specific regulatory or experimental bottleneck of the project, etc.)*

Textbox, 1000 characters.

### **Work Plan (Gantt Chart)**

*Set the schedule baseline that will be used for monitoring and controlling the project throughout the programme.*

### **Implementation plan and milestones**

*Describe the actions to be performed during the project and the corresponding milestones (intermediate and final). What indicators will be used to monitor the achievement of the objectives?*

Textbox, 1500 characters.

### **Market opportunity**

*Describe the expected key market application(s), the advantage of your solution with respect to other existing solutions, and your competitive landscape. Indicate the most relevant market segments to reach and possible collaboration with third parties for making a successful commercial exploitation. If appropriate, a detailed business plan may be included as an attachment in the Documentation section.*

Textbox, 1500 characters.

### **Beneficiaries and clients**

*Identification and quantitative estimation of potential direct and indirect beneficiaries of the solution. Identification of the client or potential clients. Estimation of the potential market size and perimeter.*

Textbox, 1500 characters.

## Responsible Innovation

### **Transformation expectations for society**

*Identification and description of consequences of transferring the Asset(s) to society. Describe the potential contribution of the Asset(s) in improving people's quality of life, social progress, and human development.*

Textbox, 1500 characters.

### **Identification and involvement of stakeholders**

*Which people or groups of people are critical for the success of the project and could therefore have a positive or negative effect on the transfer to the market? Describe the level of involvement and influence of the different actors and their possible collaboration and participation (researchers, business experts, policy makers, end-users, entities, and civil society) as well as how the project addresses Responsible Research and Innovation dimensions such gender balance, ethical aspects and/or patient engagement.*

Textbox, 1500 characters.

## Resources and Budget

### **Support from other partners, investors, or supporting institutions**

*Description of the support (financial/non-financial) received from other collaborations to implement actions in the Development Roadmap. Discuss prospective support or collaborations that have already been procured or secured.*

Textbox, 1000 characters.

### **Description of the non-financial support needed**

*Detail the specific non-financial support that is foreseen in this stage of the project.*

Textbox, 1500 characters.

### **Description of the financial support needed**

*Discuss the requested financial support in alignment with the project's objectives and actions. Frame the grant financial support within the estimated total cost of the Asset(s) Development Roadmap.*

Textbox, 1000 characters.

Item	Requested grant to the "la Caixa" Foundation	Applicant centre contribution	Partner entities contributions	Other public and private contributions		Estimated Total Cost	Details
Materials for experiments / R&D	0.00		0.00	0.00		0.00	
Outsourcing of activities for R&D development	0.00		0.00	0.00		0.00
